SUMMARY

As a Software Engineer at Sundaram Finance Limited, I specialize in full-stack development with expertise in React.js, Node, Express.js, Spring, Redux, and SQL. I have been contributing to the company's innovative projects since July 2023, focusing on Spring Boot and React.js development.

Before joining Sundaram Finance, I completed a dynamic 6-month on-the-job training program at Sundaram Infotech Solutions, where I received comprehensive training from Manipal Academy and acquired hands-on experience in various full-stack technologies. I collaborated on real-world projects and delivered solutions that met the client's requirements and expectations.

I graduated from Lakireddy Bali Reddy College of Engineering with a Bachelor's degree in Electrical, Electronics and Communications Engineering in June 2019. I am passionate about #ReactJS, #Frontend, and #WebDevelopment, and I am always eager to learn new skills and technologies. I value teamwork, innovation, and quality, and I strive to create user-friendly and responsive web applications that solve real-world problems. Let's connect and explore opportunities to collaborate and innovate.
